Flat glass and its applications are majorly used in the construction sector, which represents the dominant end user market. The Build Fair Alliance, with its concept of providing integrated building solutions, is the perfect complement for the exhibitor and visitor profiles of glasspro INDIA" underlines Birgit Horn, Director of glasstec at Messe Düsseldorf.
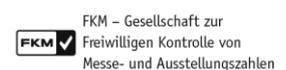

Build Fair Alliance is an alliance between global exhibition leaders Messe Düsseldorf India, Nürnberg Messe India, Messe Frankfurt, FSAI and ISHRAE to co-locate their events under one roof to provide one stop Integrated Building Solutions to stakeholders of the Indian construction industry.
