GIFA and METEC Indonesia 2024: Unveiling the Future of Foundry, Casting, and Metallurgy

- Next edition set for 11 to 14 September 2024
- Inaugural edition closed on a high note with 219 exhibitors from 18 countries, and over 4,900 visitors

Singapore, 23 November 2023 – Preparations are underway as GIFA and METEC Indonesia, the premier exhibitions dedicated to the foundry, casting, and metallurgy sectors, announce their return to Jakarta from 11 to 14 September 2024 at JI Expo, Kemayoran, Indonesia. Organised by Messe Düsseldorf Asia and PT Pamerindo Indonesia, part of Informa Markets, the 2024 edition aims to elevate industry standards and present a comprehensive showcase for the foundry and metallurgical sector.

Building on the resounding success of its inaugural edition held in September as part of the IEE Series 2023 (The Indonesia Energy & Engineering Series), the upcoming GIFA and METEC Indonesia 2024 anticipates an even more impactful experience for exhibitors and trade visitors. At the first edition this year, over 200 exhibitors from 18 countries and regions and more than 4,900 trade visitors representing all areas of the metallurgical sector, the debut proved to be a highlight on the trade fair calendar. In addition to local companies, exhibitors from Italy, Sweden, the USA, among others, alongside two country pavilions from China and Germany, participated at the 4-day trade fairs.

Set against the backdrop of Jakarta's vibrant industrial landscape, GIFA and METEC 2024 will once again serve as the pivotal meeting ground for industry experts, leading brand names and manufacturers, across the metallurgical spectrum. The 2024 edition aims to set new benchmarks in showcasing cutting-edge machinery, innovative equipment, and transformative technologies. Attendees can look forward to a showcase of additive manufacturing, advanced foundry machinery, precision processing equipment, and groundbreaking solutions tailored for key sectors such as automotive, construction, energy, and metal and steel plants.

Furthermore, the synergistic trade fairs will continue to foster knowledge exchange and networking opportunities. High-level seminars, international lecture series, and interactive sessions curated by industry experts will provide invaluable insights into the latest trends, challenges, and opportunities shaping the future of the metallurgical landscape in Indonesia and the region.

Beatrice Ho, Project Director for the GIFA and METEC portfolio in Southeast Asia at Messe Düsseldorf Asia, expressed optimism for the 2024 edition, highlighting the commitment to surpassing this year's milestones. "We are excited to unveil the next chapter of GIFA and METEC Indonesia, with the 2024 edition serving as a catalyst for innovation and collaboration, reinforcing our dedication to advancing the industry and opening business opportunities in Indonesia and the vibrant region of Southeast Asia for all attendees," she said.

As preparations for GIFA and METEC Indonesia 2024 are underway, industry stakeholders, exhibitors, and trade visitors are encouraged to mark their calendars. Booth space applications are now open. The post show report for 2023 is available online at www.gifa-indonesia.com and www.metec-indonesia.com

About Messe Düsseldorf Asia

Messe Düsseldorf Asia is a subsidiary of Messe Düsseldorf in Germany, one of the world's leading trade fair organisers responsible for organising more than 20 global No. 1 exhibitions held in Düsseldorf, Germany; across various sectors such as medical and healthcare, workplace safety, security and health, packaging, printing, plastics, rubber, wire and tube, and wine and spirits. With extensive expertise in organising trade fairs in Southeast Asia, Messe Düsseldorf Asia has developed a portfolio of well-established trade fairs in the region since 1995. For more information, visit <https://mda.messe-dusseldorf.com/>

About PT. Pamerindo Indonesia (part of Informa Markets)

PT Pamerindo Indonesia is the leading trade fair organiser in Indonesia, established with the sole purpose of organizing specialised trade exhibitions for the Indonesian market. The company has grown considerably and now regularly organizes over 20 trade exhibitions in the following sectors: Beauty, Building & Construction, Electric & Power, Food & Hotel, Laboratory, Manufacturing, Mining, Plastics & Rubber, Oil & Gas sectors. Since its inception PT Pamerindo Indonesia has organised over 200 international trade exhibitions in Jakarta, Surabaya, and Bali. Visit www.pamerindo.com for further details.

PT Pamerindo Indonesia is part of Informa Markets, a division of Informa plc. Informa Markets creates platforms for industries and specialist markets to trade, innovate and grow. Our portfolio is comprised of more than 550 international B2B events and brands in markets including Healthcare & Pharmaceuticals, Infrastructure, Construction & Real Estate, Fashion & Apparel, Hospitality, Food & Beverage, and Health & Nutrition, among others. We provide customers and partners around the globe with opportunities to engage, experience and do business through face-to-face exhibitions, specialist digital content and actionable data solutions. As the world's leading exhibitions organiser, we bring a diverse range of specialist markets to life, unlocking opportunities and helping them to thrive 365 days of the year. For more information, please visit www.informamarkets.com.

About "The Bright World of Metals"

The GIFA (International Foundry Trade Fair), METEC (International Metallurgical Trade Fair), THERMPROCESS (International Trade Fair and Symposium for Thermo Process Technology) and NEWCAST (International Trade Fair for Castings) are a set of four international technology trade fairs under the "Bright World of Metals" portfolio organised by Messe Düsseldorf and will be held across 14 halls from 12 to 16 June 2023 in Düsseldorf, Germany. It is expected that they will receive some 2,300 exhibitors and around 78,000 visitors. Casting products, foundry technology, metallurgy and thermo processing techniques will be shown to the world over the course of five days in the capital of the Rhine region. The trade fairs are accompanied by a high-quality programme including seminars, international congresses and series of lectures.
